

Mr. DOLD. Mr. Speaker, I rise today because this week is National Suicide Prevention Week.

Studies have shown that roughly 90 percent of people who commit suicide struggled with mental illness. In July, with enormous bipartisan support, the House passed the Helping Families in Mental Health Crisis Act to tackle our Nation's mental health crisis. In recognition of this week, I believe the Senate should immediately take up this very important piece of legislation.

Sadly, Mr. Speaker, veterans who have served our Nation are even more at risk. The disturbing reality is that far too many of our veterans who fought for our freedom are not truly free when they return home.

We cannot be bystanders as our Nation's heroes struggle with mental illness and suicide. That is why we passed and signed into law the Clay Hunt SAV Act, which prioritizes mental health care for our veterans.

But there is still so much work to be done to reach out to those who may need our help. Together, we can and must erase the stigma surrounding suicide and mental health.

REPLACE LEAD PIPES

(Mr. TED LIEU of California asked and was given permission to address the House for 1 minute.)

Mr. TED LIEU of California. Mr. Speaker, it has been 2 years since the people of Flint were able to turn on their faucets and get clean water, and Congress has not acted to help the people of Flint. That is a travesty and an injustice, and the issues since then have gotten even worse, not just for the people of Flint, but across America.

Multiple reports indicate that now at least 29 States have issues with lead in their drinking water. We need an investment for infrastructure that is not only going to help people no longer get poisoned, but also create new jobs.

That is why, on the House Budget Committee, I introduced an amendment to increase, by over \$3 billion, the funding to the State's Clean Water Revolving Fund to help local municipalities upgrade and replace lead pipes. There is now new technology such as plastic PVC pipes that do not leach lead that are safe. They are less expensive.

Cities and municipalities and States across the Nation should be investing in plastic pipes to deliver lead-free water to our residents. It is my hope that Congress acts on this soon.

CONGRATULATING UNIVERSITY OF SOUTHERN INDIANA'S COLLEGE OF NURSING AND HEALTH PROFESSIONS

(Mr. BUCSHON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BUCSHON. Mr. Speaker, the University of Southern Indiana's College of Nursing and Health Professions received the first-ever Nexus Award from the National Center for Interprofessional Practice and Education in August.

The Nexus Award is a prestigious national honor that recognizes the interprofessional, team-based approaches that connect higher education and health care with goals to transform healthcare delivery, improve health outcomes, and decrease costs.

I have personally toured USI's healthcare programs and met with the college's leadership as recently as last month, and I have long supported USI's work to fill healthcare delivery gaps, including serving urban and rural populations that would otherwise not receive primary healthcare services.

Congratulations to USI Dean Dr. Ann White, as well as the professors and students, for this outstanding national recognition.
